
Simplifying Life

At Summerset, you will discover the fun and friendly people who will help you celebrate life's journey. We take care to provide our residents with the services they desire, whether they reside in our independent, assisted living or memory care apartments. Our care staff is well trained to provide the care and services you may need, so that you have more time to focus on the things you enjoy.

Memory Care

At Summerset, we believe in treating the resident, not the disease. We are focused on the health and well being of our residents. Our memory care staff receives ongoing training with the most up-to-date information and latest interventions for treatment of all forms of dementia.

- Reminiscence Therapy
- Brain Healthy Diet
- Social Setting
- Support Groups
- Pet Therapy

Assisted Living

Summerset Senior Living provides lifestyle options that include a customized care plan aimed at keeping our assisted living residents safe, while engaging in meaningful activity that fosters independence.

Memory Care

Our Memory Care environment, also known as Journey's, was developed by an industry leading gerontologist focusing on a person centered care approach for our friends with memory impairment.

Compassionate Care

Transportation to medical & dental appointments. Fitness and physical therapy center. Memory care life enrichment centers featuring our Journey's program. 24 hour caregivers & emergency response system.

For those residents who need assistance with activities of daily living, our community has caregivers and medication technicians on duty 24 hours per day, seven days per week. In addition, we feature a licensed nurse and concierge physician. Our customized care plans and person centered care approach allow our residents to receive the care they need while maintaining as much independence as possible.

My friend is getting better at (Summerset) and having a social life. They take her to the store and her doctor's appointments...And it's working out really well for her. She raves about the food...

Glenn

I am happy my mother is enjoying living at Summerset. For me, the peace of mind I feel knowing she is in such a safe and caring environment surrounded by caring staff is the greatest gift I could receive.
